

Hello, my name is [Hunter,
Heaivilin]. I was born in
[Bethesda, MD] and I am
[white american].

Three adjectives others
might use to describe me are
[contrary, busy, and
amusing].

My favorite color is [color],
my favorite animal is
[animal], and my favorite
musician/band is [music].

In my free time I like to
[debate, study, and
volunteer]

If I could go anywhere, I
would go to [Haiti] because
[it's been a while].

I am most worried about [my
own potential economic
migration].

I am most proud of [the work
that do].

My favorite thing about
myself is [my
inquisitiveness].

When I was a kid, I wanted
to be [an inventor].

I usually wake up at [8am],
and go to sleep by [1am].

I went to [many places] for high school and [many places] for college, where I majored in [Tropical Forestry, Community Development, & Urban Planning].

The most interesting topics
I've learned about are
[social-ecological systems].

Currently, I [research and
consult on agricultural
projects].

I enrolled in this class
because [my consulting and
research will benefit from
the skills covered.]

My experience with data
analysis [involves business
analytics, Geographic
Information Systems].

I learn best when [involved
with real world projects].

I am most excited about
learning about [machine
learning] because [I humbly
bow down to our robot
overlords].

After this class, I hope to
[finish my PhD].

My dream job is [pretty
much what I'm up to, just
better paid].

The philosophy I live my life
by is [I must create a system
or be enslaved by another
man's].
